

Model 6304 Modular Probe Banana Tip for Hand Held DMM

FEATURES

- Fits Fluke, H-P, Tekronix, Wavetek and Amprobe DMM's with sheathed style safety jacks.
- Flexible test leads feature high strand count silicone wire for extreme flexibility and high temperature resistance. Banana plugs are double crimped to the wire and the plugs are molded directly to the wire for added pull strength.
- Wear indication with double insulated (dual extruded) silicone leads shows white inner layer for increased safety.
